

About Us

For the past 30 years, it has been our desire to create a quality of lifestyle in Southern Oregon and Northern California that combines community needs and lifestyles with sound environmental practices. Our team takes an innovative approach to the entire process of creating and achieving these goals.

We have completed many distinctive neighborhoods such as Amblegreen and Coachman Hills. Current projects under development in the Rogue Valley include the Eagle Point Golf Community, Berkeley Hills, Cedarvale, Candlewood, Corte Bella, The Delta Center, Vista Point, and Beebe Woods, just to name a few. Each master plan is professionally designed with attention to every detail while always considering the surrounding environment.

Our journey has included communities outside the Rogue Valley, such as in Yreka, Klamath Falls, Roseburg, and Sutherlin. Whether it is a custom home, a neighborhood development or a commercial center, our objective is to achieve a standard of excellence unsurpassed in the industry.

For more information about our projects, please contact our office at (541) 779-5346.
